BEST PRACTICES

Our nurses demonstrate a compassionate bedside manner, maintain keen awareness of the patient's environment, and consistently adhere to established health guidelines.

EASY TO USE TECHNOLOGY

We bridge the gap between patients and providers by ensuring accurate documentation through phone calls, video conferencing, and remote monitoring.

CLOSED DOOR POLICY FOR PRIVACY

We ensure our workspace remains quiet, private, and professional by signing out of all microphones, cameras, and monitors at the conclusion of each telehealth visit.

Medicare

Medicaid

Private Insurance

SCOPE OF SERVICES

Our services comply with the Centers for Medicare and Medicaid Services (CMS) Conditions of Participation

SAFE COMMUNICATION METHODS

We use safe communication methods that are HIPAA compliant including secure internet connections, electronic health records (EHR) and hard drive encryption-all to ensure data protection and to deliver a better patient experience.

PATIENT CONSENT

Patients are fully informed of the risks and benefits of telehealth services and provide their informed consent prior to participation.
